

INDEX TO VOLUME 19

AUTHOR

Anon.	Group Photograph, First European Meeting of the AAVSO, Brussels	2
Anon.	Index to Volume 19	200
Anon.	Papers in the Proceedings of the First European Meeting of the AAVSO	4
Baruch, John E. F.	An Innovative Telescope Design for CCD Photometry	90
Bateson, Frank M.	The Work of the Variable Star Section, Royal Astronomical Society of New Zealand	156
Bateson, F. M. and W. A. Lawson, P. L. Cottrell	The Light Curve of the R Coronae Borealis Star NSV 6708 (V854 Centauri) and the Accuracy of Visual Estimates	33
Blanco, C.	Photometric Variations of AS296	43
Bohme, Dietmar	The Variable Star Association (Arbeitskreis Veranderliche - AKV) in the German Democratic Republic	141
Boninsegna, Roland	Results of GEOS Observing Programs	126
Borovicka, Jiri	The Accurate Period of GX Aurigae	10
	EK Comae Berenices: A W UMa Star with Short Period	8
Bowyer, S. and K. Mukai, J. V. Vallerger, R. F. Malina	Coordinated Observations for the EUVE All-Sky Survey	111
Busarello, G. and G. Longo, C. Sterken	Off-Centering Errors in Multiaperture Photoelectric Photometry of Galaxies	85
Busarello, G. and M. Dumont, S. Ferrand, J. C. Misson, J. Remis, Liu Zongli, A. Pigulski, C. Sterken	The Ongoing Photometric Campaign on BW Vulpeculae	57
Cluyse, Ludwig	Variable Star Observing in Belgium	120
Cottrell, P. L. and F. M. Bateson, W. A. Lawson	The Light Curve of the R Coronae Borealis Star NSV 6708 (V854 Centauri) and the Accuracy of Visual Estimates	33
Dumont, Michel	The Groupe Europeen d'Observations Stellaires	125
Dumont, M. and S. Ferrand, J. C. Misson, J. Remis, Liu Zongli, A. Pigulski, C. Sterken, G. Busarello	The Ongoing Photometric Campaign on BW Vulpeculae	57
Dunlop, Storm	The British Astronomical Association Variable Star Section	118
Feijth, H.	Work of the Variable Star Section, Netherlands Association for Astronomy and Meteorology	123
Ferrand, S. and J. C. Misson, J. Remis, Liu Zongli, A. Pigulski, C. Sterken, G. Busarello, M. Dumont	The Ongoing Photometric Campaign on BW Vulpeculae	57

<i>Index, J. AAVSO Volume 19, 1990</i>	201
Gunther, J.	
Software Tools for the Variable Star Observer	98
Heintze, J. R. W.	
Request for Photometry of Algols	23
Iijima, T.	
High and Low Stages of T CrB	28
Karovska, Margarita	
Diameter Measurements and Imaging of Mira Variables	81
Kellomaki, Aarre	
Some Variable Stars Observed by the Scandinavian Variable Star Observers	76
Variable Star Observing in Finland	149
Kilkenny, David	
The South African Astronomical Observatory	154
Korth, Stefan	
The BAV Database of Cataclysmic and Eruptive Variables	135
Supernova 1989B in M66: An Unusual Type I Supernova?	37
Kucinkas, Arunas	
Amateur Astronomy in Lithuania	151
Statistical Analysis of the Semiregular Variable AR Cephei	73
Lawson, W. A. and P. L. Cottrell, F. M. Bateson	
The Light Curve of the R Coronae Borealis Star NSV 6708 (V854 Centauri) and the Accuracy of Visual Estimates	33
Le Contel, D. and J. M. Le Contel	
Middle B-Type Star Variables	65
Le Contel, J. M. and D. Le Contel	
Middle B-Type Star Variables	65
Lichtenknecker, Dieter	
A Database for Times of Minima of Eclipsing Binaries	70
Lipunova, N. A. and S. Yu. Shugarov	
Photometry of the Suspected Cataclysmic Variable PG0900 + 401	40
Longo, G. and C. Sterken, G. Busarello	
Off-Centering Errors in Multiaperture Photoelectric Photometry of Galaxies	85
Malina, R. F. and S. Bowyer, K. Mukai, J. V. Vallergera	
Coordinated Observations for the EUVE All-Sky Survey	111
Mattei, Janet A.	
Annual Report of the Director	168
Introduction to Volume 19	1
Misson, J. C. and J. Remis, Liu Zongli, A. Pigulski, C. Sterken, G. Busarello, M. Dumont, S. Ferrand	
The Ongoing Photometric Campaign on BW Vulpeculae	57
Mizser, Attila	
Variable Star Astronomy in Hungary	143
Mizser, Attila and Karoly Szatmary, Istvan Tepliczky	
Some Results of Hungarian Variable Star Observers	47
Mukai, K. and J. V. Vallergera, R. F. Malina, S. Bowyer	
Coordinated Observations for the EUVE All-Sky Survey	111
Overbeek, Danie	
Variable Star Observing in South Africa	153
Page, Arthur A.	
Multi-Site Photoelectric Observations of Variable Stars and Searching for Cluster Flare Stars	115
Pazmino, John	
New York - City of Stars	161

Pigulski, A. and C. Sterken, G. Busarello, M. Dumont, S. Ferrand, J. C. Misson, J. Remis, Liu Zongli	
The Ongoing Photometric Campaign on BW Vulpeculae	57
Quester, Wolfgang	
Selecting Program Stars for BAV Observers	139
Remis, J. and Liu Zongli, A. Pigulski, C. Sterken, G. Busarello, M. Dumont, S. Ferrand, J. C. Misson	
The Ongoing Photometric Campaign on BW Vulpeculae	57
Ripero, Jose	
New Observing Programs in Spain	133
Sakuma, Sei-ichi	
Amateur Variable Star Observing in Japan	158
Samolyk, Gerard	
DK Hydrae - A Neglected Eclipsing Binary	5
Satoh, Hideo	
An Unusual Photoelectric Photometer for Small Telescopes	94
Schweitzer, E.	
Introducing the French Association of Variable Star Observers	122
Shugarov, S. Yu. and N. A. Lipunova	
Photometry of the Suspected Cataclysmic Variable PG0900 + 401	40
Silhan, Jindrich	
Amateur Variable Star Observing in Czechoslovakia	147
Period Changes in the Eclipsing Binaries DG Lacertae and MZ Lacertae	12
Speil, Jerzy	
Visual Observations of XY Lyrae and CH Cygni	60
Sterken, C. and Liu Zongli	
Photometric and Spectrographic Observations of Spica	20
Sterken, C. and G. Busarello, G. Longo	
Off-Centering Errors in Multiaperture Photoelectric Photometry of Galaxies	85
Sterken, C. and G. Busarello, M. Dumont, S. Ferrand, J.C. Misson, J. Remis, Liu Zongli, A. Pigulski	
The Ongoing Photometric Campaign on BW Vulpeculae	57
Szatmary, Karoly	
Pulsating Variable Stars in Binary Systems	52
Szatmary, Karoly and Istvan Tepliczky, Attila Mizser	
Some Results of Hungarian Variable Star Observers	47
Taylor, Peter	
The Status of Sunspot Cycle 22 Through July 1990	102
Tepliczky, Istvan and Attila Mizser, Karoly Szatmary	
Some Results of Hungarian Variable Star Observers	47
Vallerga, J. V. and R. F. Malina, S. Bowyer, K. Mukai	
Coordinated Observations for the EUVE All-Sky Survey	111
Wales, Theodore H. N.	
Treasurer's Report, October 1, 1989 - September 30, 1990	198
Wolf, Marek	
Light-Time Effect in Eclipsing Binaries	17
Zongli, Liu and C. Sterken	
Photometric and Spectrographic Observations of Spica	20
Zongli, Liu and A. Pigulski, C. Sterken, G. Busarello, M. Dumont, S. Ferrand, J. C. Misson, J. Remis	
The Ongoing Photometric Campaign on BW Vulpeculae	57
